Our Mission

Catholic Charities Community Services of Orange County, as one of the human service agencies of Catholic Charities of The Archdiocese of New York, is committed to building a compassionate and just society. Catholic Charities Community Services of Orange County serves the homeless, the hungry, the emotionally and physically handicapped, immigrants, and the marginalized and vulnerable of Orange County. We collaborate with parishes and non-Catholic and Catholic partners. We help people of all religions who are in need.

the Hudson River.*

A Report to the Community from the CEO and the Executive Director

Sr. Joanne Dress & Dr. Dean Scher

Dear Friends,

In January 2011, Catholic Charities Community Services of Orange County began our fifth year as a local corporation, an agency of the Catholic Charities of the Archdiocese of New York. We are delighted to share with all of you our first Annual Report. It will highlight our mission and share with you a glimpse of the services we provide the people of Orange County.

Catholic Charities services in Orange County have grown incrementally during the past four years. In line with our mission, we have increased services to the homeless, hungry, emotionally and physically handicapped, immigrants, and the marginalized and vulnerable of Orange County. In 2010, two of our satellite clinics in Walden and Port Jervis became full licensed clinics for outpatient chemical dependency services. Our Goshen Early Learning Center opened a new program for infants and toddlers. Our case managers now provide service in Monroe and Port Jervis in addition to services already provided in Newburgh and Middletown.

The Board of Directors and our generous benefactors ensure the quality of our programs and help raise resources required to provide services to those who seek our assistance. Our dedicated staff provides service with compassion, doing all they can to "Provide Help and Create Hope."

We believe that Catholic Charities Community Services of Orange County is an integral part of the system of care for the people of Orange County. We touch the lives of so many in need of care, hope and help. A highlight of our service is collaboration with parishes, other agencies, the government and individuals. Without this collaboration and support, many of our efforts would not be possible or as effective. We are grateful for your continued support.

Gratefully,

Sr. Joanne Dress, D.C.,
Chief Executive Officer
Executive Vice President

Dr. Dean Scher, PhD, LCSW,
Executive Director
Chief Operating Officer

A Message from the President of the Board of Directors

Most Rev. Dominick J. Lagonegro, D.D.

Dear Friends,

It has been my pleasure to serve as President of the Board of Catholic Charities Community Services of Orange County for the past four years. Together with the other members of the Board of Directors, we have seen the services provided by Catholic Charities in Orange County continue to grow. The breadth of services is truly amazing.

The administration is committed to working collaboratively with parishes, businesses, agencies and individuals in their efforts to address the basic needs of those who come to us for assistance. The staff is professional and dedicated to providing services with compassion and care.

As we move into the fifth year of the agency's existence, we face many challenges in providing these services,

particularly in the current economic atmosphere. One of our goals is to heighten awareness of all that Catholic Charities does.

It is only because of the support and generosity of friends and donors that we are able to reach out a hand to those in need.

Thank you for your ongoing commitment and support. We look forward to partnering with you to provide help and create hope for those in need.

Sincerely,

Most Rev. Dominick J. Lagonegro, D.D.
Board Chair
Vicar of the Orange County Vicariate

History

Catholic Charities has been a presence in Orange County for more than six decades. In 1949, Catholic Charities of the Archdiocese of New York established offices in the area. Responsive to the needs that arose during those decades, Catholic Charities provided a variety of services to orphans, immigrants, the mentally and physically challenged, homeless individuals and families in crisis.

The original Catholic Charities office in Orange County was located at various sites in Newburgh and in 2000, a second office opened in Middletown.

In 2004, Catholic Charities of the Archdiocese of New York, under the direction of Executive Director Msgr. Kevin Sullivan, undertook viability studies regarding services in Orange County.

In 2005, Catholic Charities Community Services of Orange County (CCCSOC) was formed, as a separately incorporated agency with its own Board of Directors. This agency combined some of the

services formerly provided by Pius XII Youth and Family Services (substance abuse counseling, the Early Learning Center, and the Employee Assistance Program) with the services already provided by Catholic Charities in Orange County (case management, outreach to the homeless, immigration services, mental health counseling and maternity and adoption services.)

Under the direction of Executive Director Dean Scher, PhD, and Chief Executive Officer Sr. Joanne Dress, D.C., CCCSOC expanded the locations and offerings for its diverse services in response to the needs of Orange County residents.

As CCCSOC begins its fifth year of operation, the organization continues the tradition of service begun six decades ago. A tradition of seeking out those who are most in need, providing quality service with excellent staff and programs, and collaborating with government, health and community agencies, business organizations, parishes and individuals.

Timeline

2005

CCCSOC becomes a separately incorporated agency with a local board.

2006

Dean Scher, PhD, LCSW, named Exec. Director. Sr. Joanne Dress, D.C., named CEO of CCCSOC.

2007

Chemical dependency clinics incorporate psychiatric assistance for those with co-occurring mental health disorders and enhance services, including individuals with serious substance use disorders.

Case Management expands, developing the Housing Resource Center, a collaborative contract with OC Dept. of Social Services.

2008

Case Management services expand to include Harriman offices.

2009

Case Management develops "Grupo de Madres Newburgh" for Hispanic mothers and their children.

CCCSOC provides vehicles and insurance to the working poor through a Wheels to Work contract with the Employment and Training Administration of OC.

CCCSOC chemical dependency prevention services receive state recognition for success of the Team Newburgh project for youth.

New York State converts Port Jervis location to a full license clinic.

2010

CCCSOC receives a contract from OC Dept. of Social Services to administer Federal Rapid Re-Housing Dollars to individuals requiring assistance with rent, utilities and temporary housing.

CCCSOC receives grant from OC Dept. of Mental Health to provide community assessment and training for the OC System of Care.

CCCSOC receives grant from NYS Office of Substance Abuse Services to provide outreach, education and interdiction to enforce underage drinking laws.

Services are increased and new programs introduced at Early Learning Center.

NYS converts CCCSOC's Walden chemical dependency clinic to a full license clinic.

The Office of the Medicaid Inspector General's audit of chemical dependency clinics over a three-year period results in no state givebacks.

Chemical dependency clinics realize 5% increase in services provided compared to 2009 and 75% increase since 2006.

Orange County Programs and Services

Chemical Dependency Services

CCCSOC's chemical dependency services help ensure a lasting recovery from chemical dependency. Treatment services include diagnostic assessments, psychiatric consultation, psychopharmacology, counseling, specialized treatment groups, and intensive outpatient services, among others. The program allows individuals to remain in the community while receiving services specific to their needs. Those who have completed inpatient treatment can take advantage of continuing care programs coordinated with referring inpatient facilities.

The Early Learning Center

The Early Learning Center in Goshen is comprised of an infant room, a toddler room and two pre-kindergarten classrooms. The diverse curriculum encompasses pre-K readiness skills, arts and crafts, social and emotional skills, music and movement, dramatic play, and gross and fine motor skills. Incorporating a modified Montessori method, the Center encourages each child to grow to his/her fullest potential while developing a positive self image and attitude toward learning.

Employee Assistance Program

The employee assistance program works with businesses, municipalities, organizations, parishes and others to assist employees and their families. This service includes a 24-hour hotline, free assessment and initial treatment by licensed clinicians, a network of more than 150 clinicians and referrals. The EAP program provides short term counseling as well as career coaching for those who have lost employment and for individuals referred through Catholic parishes.

The Gateway Center: Adolescent Substance Abuse Services

Substance abuse prevention services are provided to the Newburgh Enlarged City School District through the Gateway Center. Services include classroom presentations, workshops and professional consultations. "The Seven Challenges® Program" helps youth understand how to give up a substance abusing lifestyle, and to attain success in doing so. The Gateway Center is part of "Team Newburgh," a collaborative prevention effort of Newburgh agencies for teens.

Photo Left: A child in the Early Learning Center enjoys a break from morning activities.

Photo Left Center: A counseling session through Employee Assistance Program.

The Housing Resource Center

Located in Newburgh, the Housing Resource Center offers services to families and individuals who are experiencing a housing crisis, behind in rent, facing eviction or homeless. It is a collaborative effort of the Orange County Department of Social Services, Catholic Charities Community Services of Orange County, and the Joint Membership of Health and Community Agencies of Orange County.

Immigration Services

A staff of lawyers and paralegals offers representation to immigrants—documented or undocumented, newly arrived or longtime residents—on a broad range of matters, including: application for citizenship, relative petitions, applications for work authorization, information about pending immigration and naturalization cases, legal representation in political asylum and deportation, petitions for battered and abused spouses and children.

Social Services

CCCSOC provides bilingual services to individuals and families including: information and referral, case management/services coordination, assistance for rent, utilities, transportation, food and clothing (limited by available resources), entitlement assistance and advocacy.

Parish Social Ministry

Catholic Charities collaborates with parishes in providing services to those in need. We are available to help parishes assess needs, evaluate existing service programs, recruit and train volunteers to meet parish needs and facilitate services to the parish from Catholic Charities and other community-based services.

Catholic Youth Organization (CYO)

Catholic Charities, through the Catholic Youth Organization (CYO), provides spiritual, athletic, cultural and recreational programs for youth and young adults of all faiths in the Archdiocese of New York. CYO supports parishes in developing these programs.

Services for the Homeless and Hungry

Services for the homeless and hungry include outreach to parish and church-related food and shelter programs, information and referral, and emergency food assistance.

Resource Exchange

CCCSOC's Resource Exchange highlights our community's power to support our neighbors in need. In collaboration with the St. Vincent de Paul Society, Catholic Charities assists recently homeless or low-income families and individuals who need furniture and household items.

Photo Right Center:

Lighting Up Year 2010

Fourth Annual Celebration of Charity Awards Dinner

Every year Catholic Charities Community Services of Orange County takes time out to celebrate the generosity and good will of members of the Orange County community with the *Caritas Awards*. The awardees demonstrate deep respect for the dignity of every person by serving the basic needs of the most vulnerable members of Orange County communities. In 2010, CCCS of Orange County presented a posthumous award to Cosimo Di Brizzi and recognized the Cosimo Restaurant Group with the *2010 Business Award*. Nolly Climes, head of the Orange County Rehabilitation Support Services and chairperson of the Orange County JMHCA received the *County Award*. The *Parish Award*

went to Reverend William Scafiadi, pastor of Sacred Heart Church and administrator of St. Mary's Church. Both parishes are in Newburgh. Sister Joanne Dress, DC, chief executive officer of CCSOC, described the Celebrating Charity Awards Dinner as an "important opportunity for Catholic Charities Community Services to deepen its relationship with members of the community and strengthen its collaboration with other organizations, the county and the Church."

Fourth Annual Golf Outing

On Monday, September 20, 2010, the renowned Powelton Country Club on Balmville Road in Newburgh welcomed the Annual Golf Outing in support of Catholic Charities

Photo Left: Board members Tom Strahle, Bishop Dominick Lagonegro and Rev. Dan O'Hare at Celebration of Charity dinner.

Photo Left Center: Sr. Joanne Dress with 50/50 winner.

Community Services of Orange County. It was a busy day for golfers and onlookers. After registering at 8:30am and enjoying a Continental breakfast, the foursomes were out on the course after a shotgun start at 10:00am. There was a Hole-in-One Contest, a competition for the longest drive and a "closest-to-the-pin contest." Golfers headed back to the clubhouse at 3:00 for refreshments, a buffet and an awards ceremony for competition and contest winners.

New Programs at the Early Learning Center

"We thank you for entrusting the treasure of your child with us."

The Early Learning Center in Goshen, New York, has added another special program to its full array of opportunities for children

less than five years of age to make giant intellectual and physical strides. The Center is now licensed and prepared to care for infants as young as 6 weeks. To allow for the increase of services, the Early Learning Center constructed a room dedicated solely to the care of infants and another for toddlers. This expansion of services to infants and toddlers is part of the school's overall commitment to providing the highest quality of early childhood development. The Center's full day program utilizes a Montessori approach taught by certified teachers and includes a developmental program for kindergarten readiness. The Center is located at 59 John Street in Goshen.

Thank You Orange County...

Catholic Charities of Orange County is fortunate to be strengthened by, and work in collaboration with a diverse array of human service partners, Catholic parishes, businesses, corporations, generous donors and volunteers—all of whom helped us grow and serve. With these stalwart partners, we have provided help and created hope so that those in need in our communities can craft independent and productive lives.

Parishes – Our parishes were the seeds and roots of human service in Orange County. Long before establishing formal organizations, laypersons, clergy and religious served the needy, from orphans to immigrants, from families in crises to the physically and emotionally challenged. They left no stone of need unturned. That devotion exists today in parish food pantries, thrift shops, clothing drives and the simple human activities of visiting the sick, elderly and lonely, and even burying the dead. Catholic Charities is grateful and proud to be their partner, to work by their side.

Businesses – Orange County has a vibrant and diverse business community—from horse farms to onion farms, from hat factories to banks, oil distributors, auto dealerships, restaurants and landscapers. The strength of that community has translated into generosity for our county's needy. Catholic Charities has been fortunate to become partners with businesses and together provide for the larger needs of the county's communities.

Thank You Catholic Charities

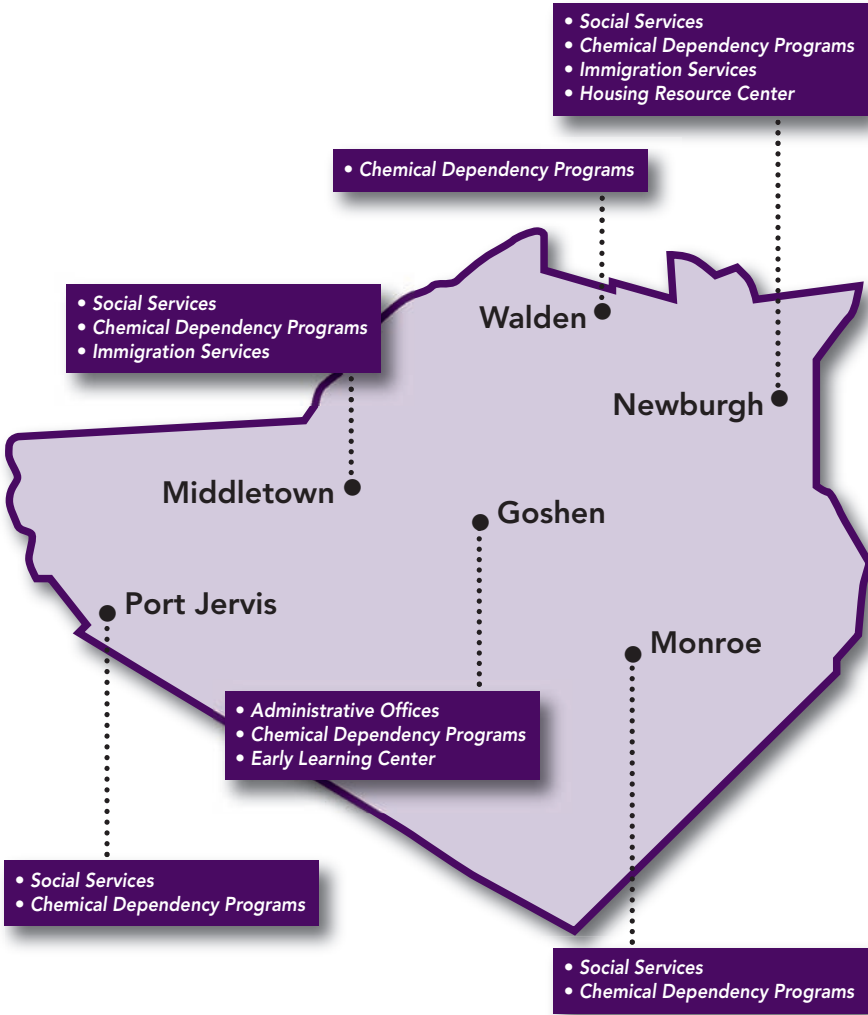

The gratitude of the people we are privileged to serve has special meaning for Catholic Charities of Orange County. Read about their steps to independence.

- *"Thank you so much for making it possible for my brother to receive some help and giving him hope."*
- *"Thank you for your support. Just by talking to you, you made me feel a little relieved. May God bless you and I hope that you can help people for a long time."*
- *"I really had nothing tangible to hold onto...No one understood the damage my soul encountered. Sometimes I would get so lonely. You guys never joked or criticized my situation. Thank you for not turning us away. Because of your donations God has shed light on my heart...Words cannot express my gratitude."*
